

REMARKS

Applicants elect Group VI, claims 25-32 with partial traverse. Applicants submit that Group 1, claims 1-3 and 33, although patentably distinct, should be examined together with Group VI since it does not create a substantial additional burden to be searched and examined. Applicants do not traverse restriction of the other groups.

Conclusion

If the Examiner has any questions or would like to speak to Applicants' representative, the Examiner is encouraged to call Applicants' attorney at the number provided below.
